Uttara Acharya Medical College

ASIAN UNIVERSITY OF BANGLADESH

10th November 2022

To,
The Head of Department,
Computer Science and Engineering,
Asian University of Bangladesh, Dhaka.

Subject: Application for granting permission for Medical Data Collection from BMSRI.

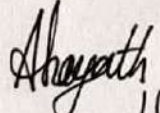

Dear Sir,

I am Md. Shahidullah, on behalf of my thesis group, we are pursuing Bachelor in Computer Science and Engineering in Department of Computer Science and Engineering, Asian University of Bangladesh, Dhaka. We are conducting our thesis on "Maternal Risk Prediction through Machine Learning Techniques", supervised by Shah Jafor Sadeek Quaderi Sir (Lecturer, Department of CSE, AUB). As a part of our research, we need to collect some information about pregnant women's age, blood pressure, heart rate, blood glucose (fasting), body temperature and risk level from a hospital. Thus, we communicated with Dr. Matia Ahmed, Associate Professor of Physiology, Uttara Adhunik Medical College, Uttara, Dhaka, regarding this matter, and she assured that she would help us to collect those data.

We are confident that this medical information will lead to accelerate our research robustness and performance to predict the maternity risk properly. Honourable Sir, we are cordially requesting you to grant us the permission so that we can accomplish this data collection task from Uttara Adhunik Medical College.

Respectfully,

Md. Shahidullah (ID: 201930055)
Farjana Kamal Konok (ID:201930701)
Md. Maruf Mia (ID:201930065)
